8 September 1958

FROM: Director, Photographic Intelligence Center, CIA

TO: Commanding Officer
U.S. Naval Photographic Interpretation Center
Suitland, Md.

VIA: Chief, Bureau of Aeronautics (PH)

SUBJECT: Loan of Zenith Camera

1. As separately discussed with Captain J. L. Pennell USN and [redacted] 25X1
[redacted] on 3 September, it is respectfully requested that the USN- 25X1
PIC Zenith Camera be loaned to this Center for several months during
which time it will be field tested. At the conclusion of this test
the camera will be returned to USN-PIC along with a report of its
performance under cold weather conditions.
2. Full responsibility is accepted by our representatives for the care
and return of the camera to USN-PIC in good operating condition.
Without being able to provide details here, I can assure you that the
camera will be used in a significant program important to U.S. national
interests. Your cooperation and understanding in making this loan
possible would be most highly appreciated.
